III. OTHER INFORMATION:**1) Reasons of loss or inadequate profits:**

During the year ended 30th June, 2014, the Company has incurred losses mainly on account of the following reasons:

1. Unfavourable exchange rate: Loss from exchange rate in PC orders was one of the key reasons for the losses.
2. High interest costs: Current year also witnessed higher interest cost due to increase in interest rate as well as increased capital employed.
3. Repositioning charges as some of the loss-making hardware solutions businesses are being wound-down.

2) Steps taken or proposed to be taken for improvement:

The Company with a view to achieve its growth objectives by having focused management orientation and higher degree of independence for each of the businesses, and to create opportunities for strategic partnership had approved a Scheme of Arrangement (Scheme) for realigning the Hardware Solutions Business, the Services Business and the Learning Business to three separate subsidiaries. The said Scheme after sanction of the Hon'ble High Court of Delhi became effective from 1st November, 2013. The restructuring has already started delivering great benefits with better financial and operational visibility for each business, independence and agility in business decisions and increased management focus on growth areas. As part of this restructuring, the Company has started reducing its focus on hardware solutions business where it is largely executing the existing order book to free capital employed in these businesses.
