Company Update

As stated in our earlier releases, the Company has initiated arbitration proceedings against certain customers where acceptance, sign-offs and payments are held up for a long time. The arbitration proceedings are progressing and we shall keep the stakeholders informed about the outcome, as and when the proceedings conclude.

Due to these multiple legal arbitration proceedings and legacy issues, significant effort and cost is being incurred on legal and legacy matters.

The Company has transferred the leasehold rights of certain immovable properties to various parties between 2019-2022. The consideration received to transfer the same didn't include GST, considering these arrangements as transfer of immovable properties. During the quarter, the Company evaluated these transactions basis the legal advice to assess the applicability of GST considering that the matter is under judicial consideration at various levels with respect to applicability of GST on such transactions.

Since the evaluation is ongoing, the Company would consider the appropriate steps to deal with the matter once the evaluation is completed.

Divestment of Property

In order to reduce the Company's debt obligations, the Company had decided to monetize certain Company owned properties in a phased manner. Several of the Company's properties are not being fully utilized due to changes in the business of the Company. During the current quarter, the Company concluded sale of one of its properties for a total consideration of Rs. 15 Crores.
